On Sunday 19 May, 8 souls were added to the Lord as we conducted our Mid-Year Baptism at East Coast Park. Although it was raining in some parts of Singapore, thank the Lord that He withheld the storm clouds and there was only a light drizzle at the baptism site. Many members from our local churches were present to witness this joyous occasion. They include some of our younger Adam Road RE students who were attending a study trip with their teachers to learn more about how our church conducts the sacrament of baptism. Thank the Lord that the baptism, footwashing, and holy communion sacraments were conducted smoothly on that day. We introduce our 8 newly baptised members in the next page. Let us get to know them better when we see them in church!
Let all that you do be done in love. (1 Corinthians 16:14)

On 25 May, after our Sabbath service, the Steadfast Fellowship organised a Parent-Child Bonding Session. Attended by about 27 families - around 100 people - the event had activities for parents and their children to interact and mingle with one another.

In a role reversal of caregiver and child, older children from primary school guided their blindfolded parents through an obstacle course. This gave both parties a chance to empathise with the other. During the session, parents and their children had a pack of cards with questions to facilitate their sharing. For younger children in kindergarten and nursery, they too reversed roles with their parents as they worked together to throw ping pong balls and catch them with a basin. They also got to build a terrarium, learning in the process that faith needs to be patiently and persistently nurtured with care and love. After this, everyone shared a scrumptious dinner.

Thank God for this edifying opportunity for parents and children to spend time with one another. Strong families form the foundation of a strong church. In our fast-paced society, it is easy for busyness to get the better of us. Sometimes all we need is to take the first step to spend more time with our family.
Mid-Year Evangelistic Service (28-29/6)

Busy Days, Not Busy and DAZED

Amidst our daily mad rush on life’s busy highway, do we pause even for a moment to ponder: why on earth are we busying ourselves? Day after day of toil and labour, aren’t we sick and tired of it all?

Even with our stomachs bloated, the inner void remains unfulfilled, so Jesus says, “Labour for the food which endures to everlasting life” (Jn 6:27). Such labour carries the promise “of the life that now is and of that which is to come”, hence to this end we both labour and suffer (1 Tim 4:8-10).

Dear friends, we sincerely welcome you to share in the feast of grace, and the benefit of the gospel with us. Your toilsome lives will find hope in Jesus, who gives meaning to our hectic lives. Busy days yes, but not busy and dazed.

28/6 Why are we busy!

29/6 What are we busy with?
